#### **Get a new prescription for the medication that's right for you.**

Get the right prescription to treat your condition. You and your doctor need to know about options before making final decisions. A new prescription may be needed; ask your doctor.

# Getting the most from BidRx.com

*Two opportunities for savings:*

- 1) similar, lower cost Rx's, and/or*
- 2) on-line, instant bids from competing pharmacies*

## **Step 5: Prescription fulfillment & Payment**

**Get your prescription to the pharmacy of your choice.** How? If you have a written prescription, mail it to the pharmacy. Ask your doctor to call or fax your prescription to the pharmacy. Give the new pharmacy the name, phone # & Rx # of your current pharmacy and they can transfer the Rx from one pharmacy to the other pharmacy. Finally, your doctor can send an Electronic Rx order to the new pharmacy.

### **Pay pharmacy the "You Pay" amount on reservation**

Send a check or cash voucher to the pharmacy or give them your credit card for the amount you owe. BidRx.com pays the amount due from insurance company, employer, other benefit sponsor, or electronic discount amount reported on the reservation. Your pharmacy needs the "Key Code" on your reservation, too.
